Dear Business Owners and Organizations,

The economy has been difficult for everyone, and non-profit organizations, like *Pottawatomie Recycling Committee*, have especially felt the strain. Fortunately, through the outstanding financial support of various businesses, groups, and organizations in our county, *Pottawatomie Recycling Committee* has managed to continue to grow. We hope that you will join those that contributed to county-wide recycling in previous years. Even though you may not be directly using the recycling services, we know many of your employees are taking advantage of this free public service.
