July 2014

Dear Fellow Recycler,

With the help and support of many environmentally-conscious citizens and businesses in Pottawatomie County, the Pottawatomie Recycling Committee is forging ahead in its commitment to increase the quantity of recycling in the county as well as improving the ease of recycling. We understand the importance of protecting our environment and have worked to keep our program running despite economic challenges. You may have noticed some of the changes that we have made – we now have co-mingle trailers throughout the townships. The process is a big change, but in a very good way. There is more of an ease when you recycle, and our trailers are able to be emptied within an hour and returned to their site for continuous recycling.

Our goal is to best meet the recycling needs of our county. It does take financial support to keep this recycling effort viable. This is a huge task for the PRC. Our goal is to not have to rely on tax dollars. Instead we would like to be able to raise all necessary funds through newspaper and cardboard sales, grants, and donations from generous businesses and patrons like you.

Financial donations to *Pottawatomie Recycling Committee* may be done in one of two ways. Checks may be written to the *Pottawatomie Recycling Committee* or a tax-deductible contribution may be sent through the Wamego Community Foundation. All contributions are strictly used for the purpose of funding the recycling efforts in our county.

In addition to your financial support, we also hope that you will take advantage of our cardboard and newspaper/magazine recycling program. Please see the brochure on how to support these recycling collections. The money raised from the sale of these recyclables supports our county-wide recycling program.

Again, thank you in advance for your continued support of *Pottawatomie Recycling Committee*. May our county-wide program continue to thrive throughout 2014.

Sincerely,

**Pottawatomie Recycling Committee**
